"Does one really have to fret
About enlightenment?
No matter what road I travel,
I'm going home."

Shinsho

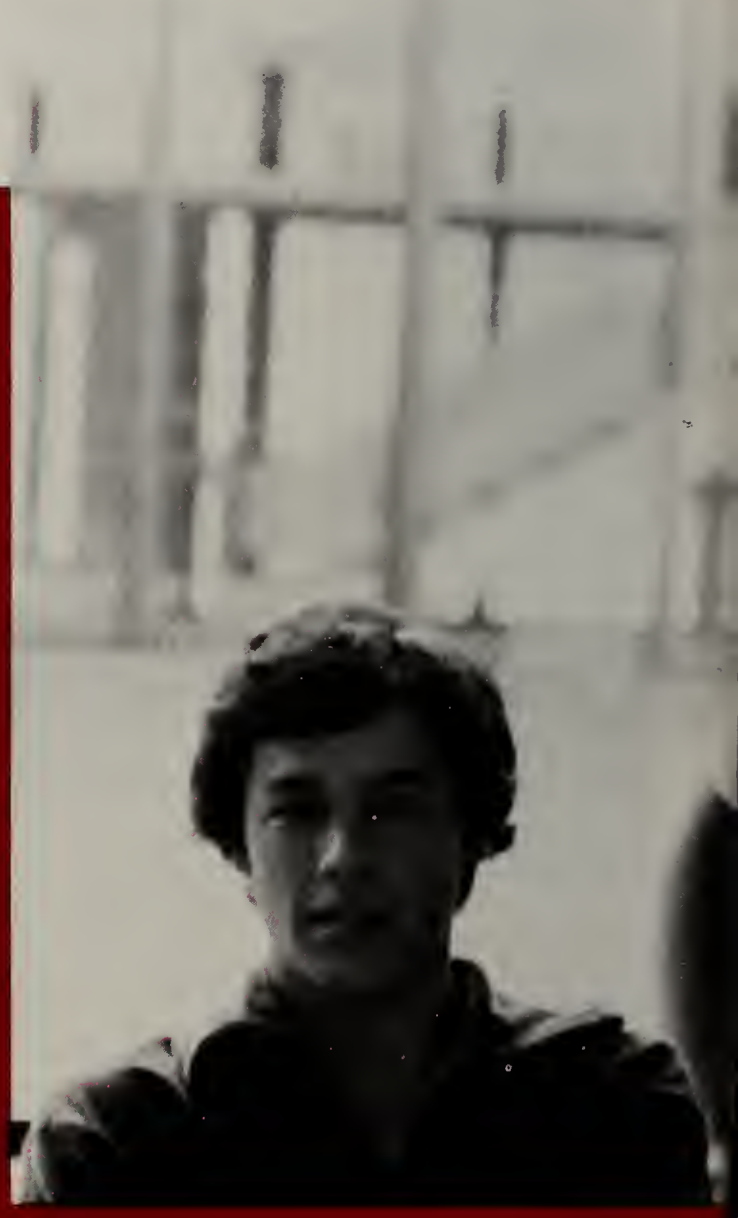

"No limits, . . . he thought,
and he smiled.
His race to learn had begun."

— R. Bach —

"When one looks at it, one cannot see it;
When one listens for it, one cannot hear it.
However, when one uses it, it is inexhaustible."

— Zen

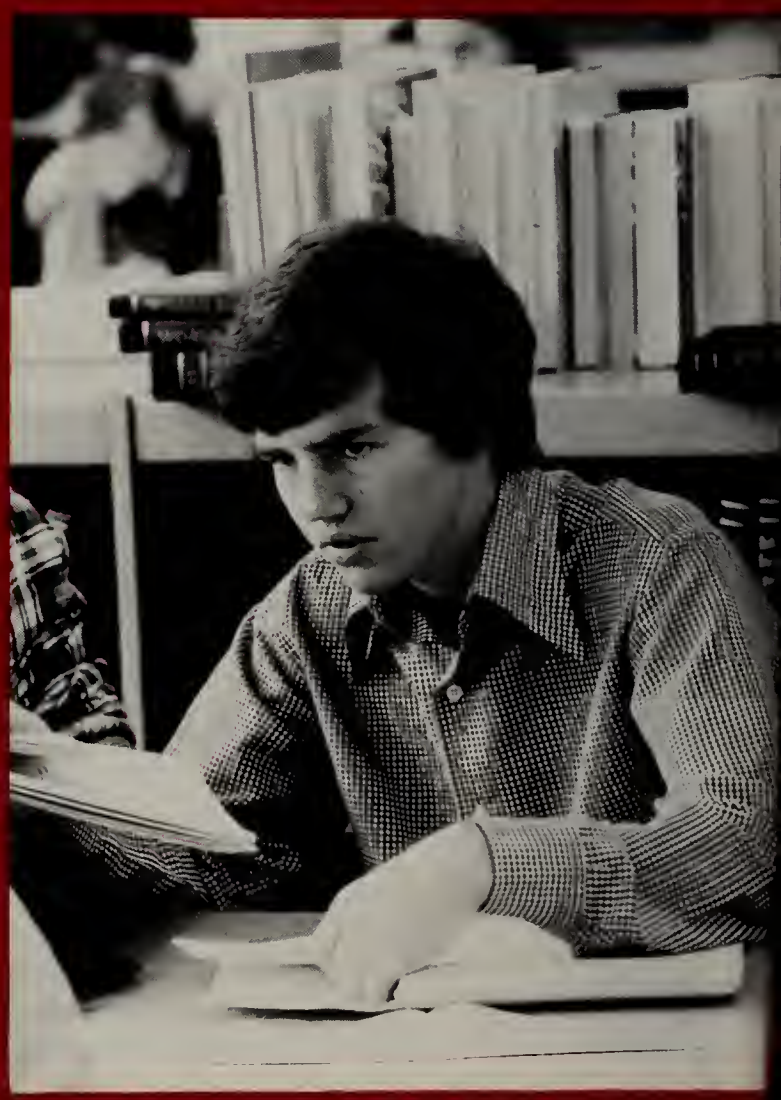

"The great path has no gates
Thousands of roads enter it.
When one passes through this gateless gate
He walks freely between heaven and earth."

— Zen

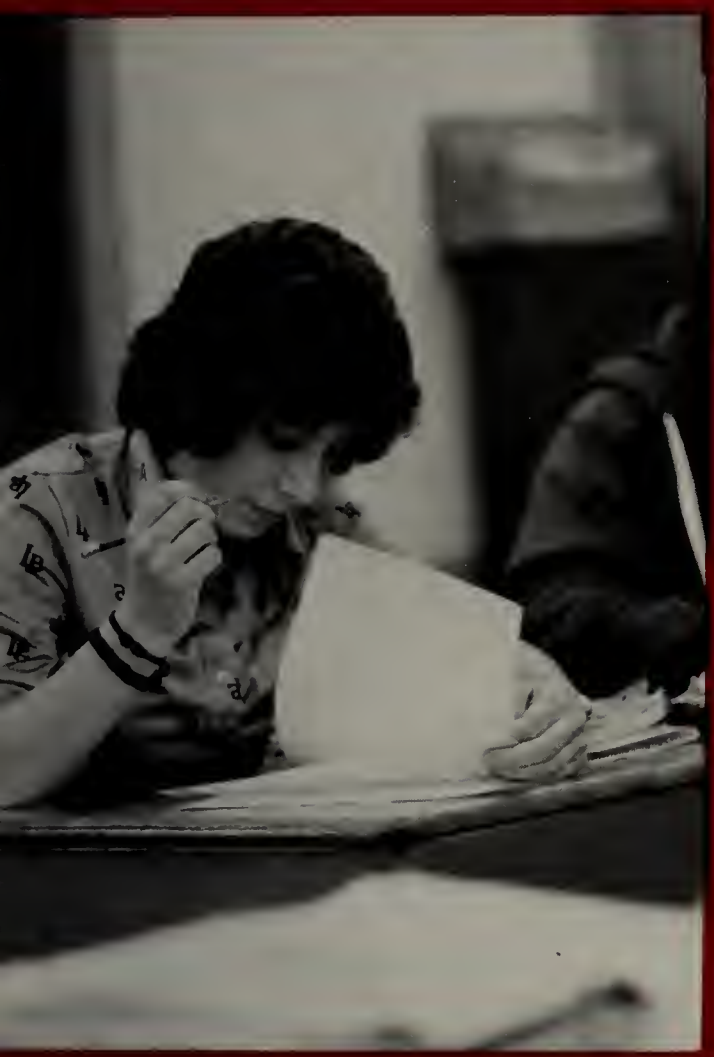

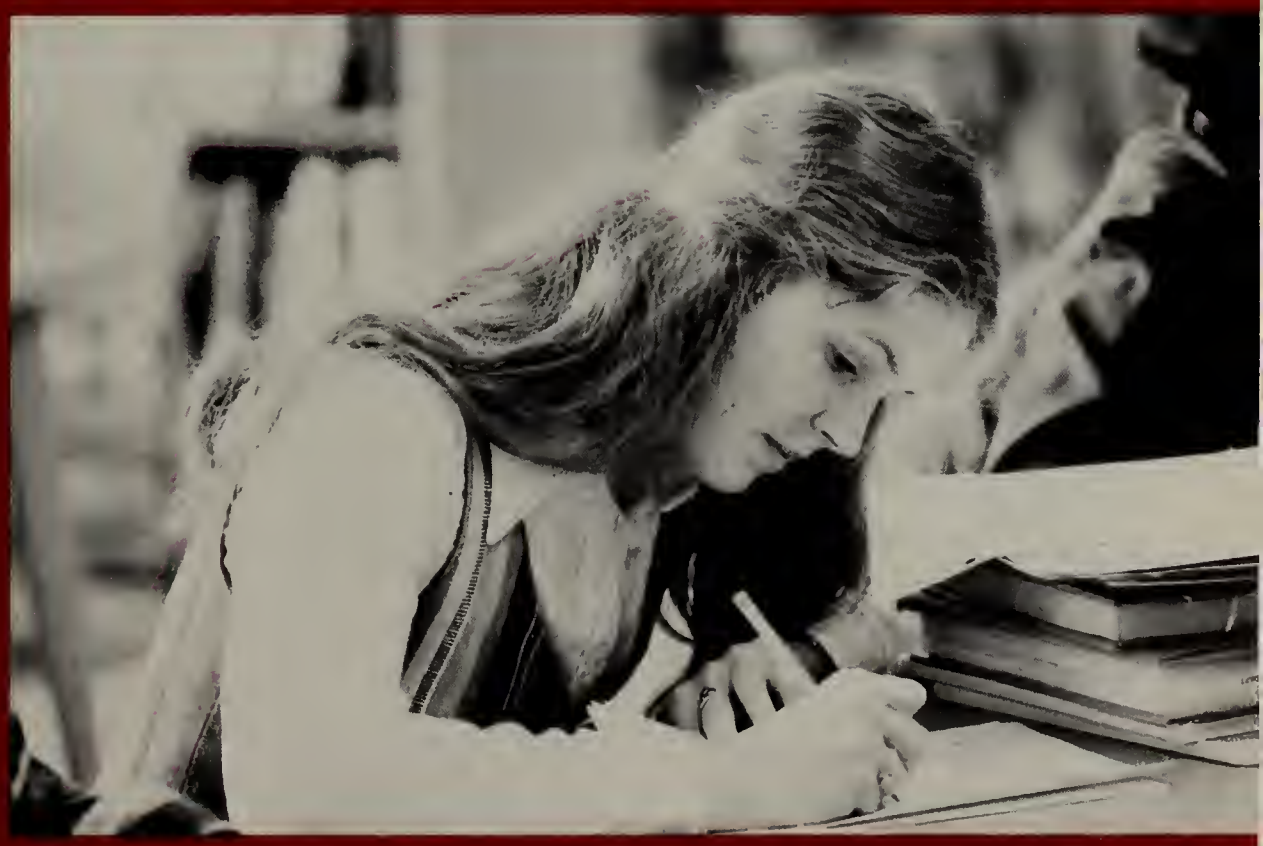

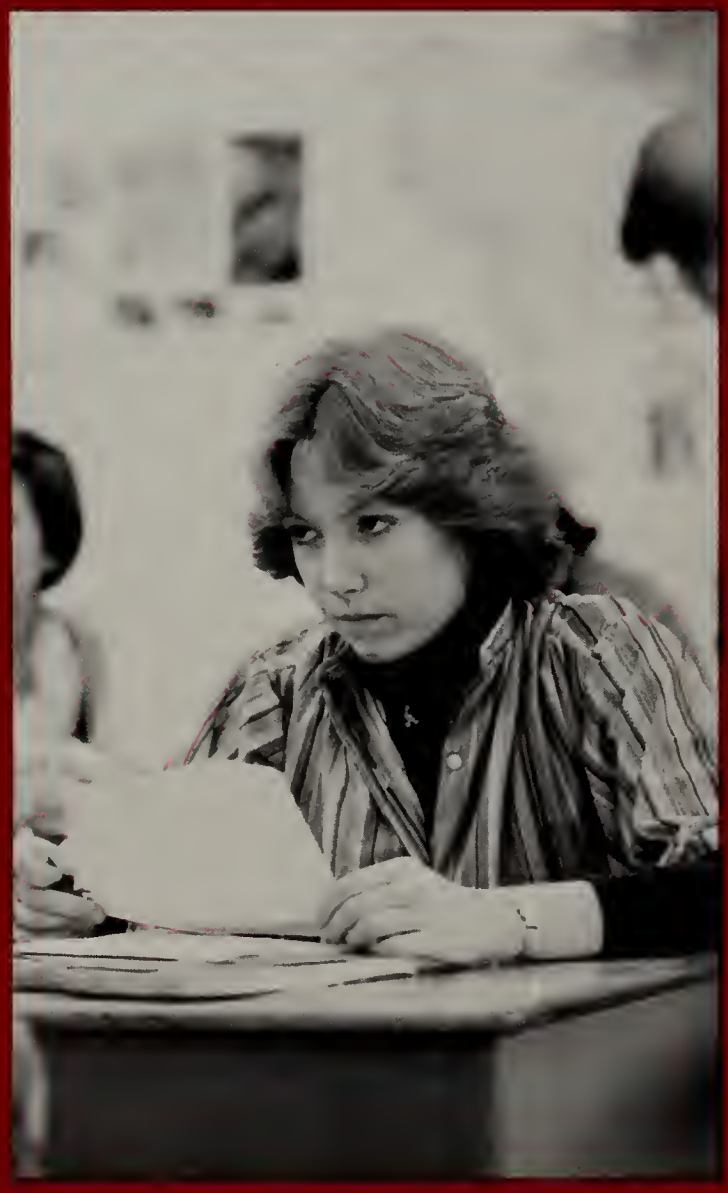

"I spent the entire day in official details;
And it almost pulled me down like the others:
I felt that tiny insane voluptuousness,
Getting this done, finally finishing that."

— T. Storm —

"Decision is the key to destiny."
C. Miller

"Let your eyes look straight ahead, fix your gaze directly before you. Make level paths for your feet and take only ways that are firm."
Proverb

"The central business of every human being is to be a real person."
— Harry Emerson Fosdick

"The wind blows hard among the pines toward the beginning of an endless past.
Listen: you've heard everything."

A new lease on the good life.

Before, there was really no alternative to owning a Porsche or an Audi. Either you owned all that engineering excellence, all that beautiful design, and all that incredible performance. Or you didn't. Now there is an alternative. You can lease the cars you always wanted to own.
